

The Angel's Call

This blue green orb turns and turns,
making another trip around the sun
on her path through the celestial sea;
Intrepid earth,
finding her destiny,
teaming with voyagers on board,
turning, turning,
Going 'round and 'round her source of
warmth and light.
She sails through the deep
to explore territory unknown
of stars, of nebula and night.

And now, the curtains of heaven open,
just as she enters a new space
resonating with the frequency
of distant stars.
The face of the angel appears
through the parting
of the telluric mist,
shimmering in heavenly light,
the hum of wings beating slowly,
barely heard,
his presence felt more than seen,
his voice heard before he speaks,
we hear the angel's call.

*All is well,
dear ones.
Your journey has just begun.
And while earth's fever
shall continue for a while,
peace is coming to the land,
entering you even now
as your human flesh transmutes
into robes of light.
Fly, angel of earth,
on this great journey
through the galaxy.
Keep coming, blessed one,
for you are becoming fully
what you already are,
a luminous star
in human form.*

And so we continue
our precious earthly lives
now seen in the celestial setting
in which they take place.
And remember the angel's call
in all things,
large and small.

Aum-en. Aum-en. Aum-en.

Attunement Card Music

When I was thirteen, I was in a rock band—The Knights. I had been friends with most of them since I was five. We had gone to the same elementary school in Westport, Connecticut.

The band leader was Brian Keane. Brian went on to have a successful music career. He performed jazz guitar duets with Larry Coryell. He produced music for Windham Hill and other record labels. Then Brian went on to compose music for movies. In the process, he has won Grammys and Emmys, and scored an Academy Award Winning film.

Having written a deck of 49 Attunement Cards, I am in the processing of publishing them and recording them to music. And so I reached out to Brian on Facebook and asked if he might contribute music for one of the cards. Brian’s response was to have his engineer post over 60 pieces of his music to Dropbox. They were all stunningly beautiful.

Here is what he wrote to me about his gift:

Dave, I don't need any money from you. Music has served me well financially. Besides, we go back to elementary school together! Fellow Knights! Happy to contribute music to your spiritual organization out there. Use whatever serves. The world needs more love and spiritual awareness. We are both serving something higher and it's beautiful. It is my pleasure to do this my old friend.

Brian’s generosity reminds me that there are people of goodwill around the world who serve a higher truth. Kristin Hoffman and other talented artists have been greatly generous as well. We are in a field of light that is larger than we might think.

I look forward to making audio versions of the Attunement Cards available in 2019.

We are no longer publishing *Journal of the Creative Field* or *The Quarterly*. Instead, everyone will receive the *Emissary Global News* on a quarterly basis. We hope you enjoy this issue and those to come.

Ruth French and Vicki Edwards attended Servers Week and An Open Door at Sunrise Ranch this year, representing Australia.

A delightful Twilight Market was held at Riverdell on October 26th with over 1,000 people attending. There was food and fun for all ages!

A lovely Pre-Christmas Relax afternoon was enjoyed recently by all who attended, even though the weather was wild that day.

Our Creative Field is burgeoning!

Following the magical April visit of David Karchere and Keahi Ewa from Sunrise Ranch, and Karen Pritchard from the UK, we have enjoyed building on connections of friendship and outreach creatively touched during those potent few weeks.

Ongoing collaboration with Cape Town Interfaith Initiative, CTII, through Berry Behr, gave Anne-Lise Bure and Howard Goodman opportunity to join CTII to vision their next year cycle. Coming out of this collaborative relationship, the Emissaries and our partnering organization, Novalis Ubuntu Institute, participated in the Nelson Mandela Centennial African Peace Summit that took place from the 21-24 November in Cape Town.

An extraordinary two-day Intergenerational Conference held at Novalis 25-26 October created a wave of social transformation and cohesion in a diverse gathering of 160 youth, adults and elders. This event included a powerful mentoring time for the young people with ANC struggle hero Dr. Dennis Goldberg, one of the few white South Africans jailed for 22 years with Nelson Mandela. He made quite an impact on the younger generation, as did Dr. Mndende, a prominent African traditional spiritual leader, championing the legacy values of traditional African culture.

This superbly facilitated event planted fresh seeds of understanding and blessing between South African Youth and their Elders to work together with a revitalized mutual empowerment and respect. It was inspiring to see how well our Novalis friends and colleagues facilitated, hosted and led this experience, a new step for Novalis working in direct partnership with Government.

Earlier in September, we set the stage for bringing our generation to the October Sunrise Servers and Open Door Gatherings, through a wonderful two-and-a-half-day Attunement Course held at Gate House. It was a pleasure seeing how naturally people found such pleasure in (visiting from Sunrise Ranch) John Flood's friendship and mentoring presence!

Attunement Course

Primal spiritual education and spiritual intimacy combined to create a refreshing exploration and practice of what it takes to generate a living culture of Love, to be radiantly in service to a world hungry to know the inner Reality we nurtured amongst ourselves during these special two days.

Sweet early summer ocean breezes, hotter days and the heady perfume of garden flowers, early morning bird song, buzzing insects and excitement of “end of the school year” holidays beckons a new season of families coming together for the festive season, sand 'n sea, beautiful Cape beaches, the seduction of a languid Cape Summer season... But stay alert, don't be fooled—Spirit is powerfully on the move here and everywhere, as the Wave of Creation moves inexorably throughout the world!

Our time for visioning and further planting of new seeds for the foreseeable future took place amongst us during our annual 3-day Board Retreat from December 6-9.

We join with all friends at Sunrise and around the world—we are right there with you!

Love from the Gate House Centre community!

Over 40 attended Servers Week from October 2-7. A number who couldn't be present connected via teleconference. The gathering included Attunement Cards, Blessing Bank, regional reports, Regeneration Earth (a new EDL website being developed), small-group considerations, as well as new ventures and opportunities for collaboration with like-minded groups. During this time the annual Emissary Congress was held, which included a Trustee election (see the Trustee Report on page 8 for details).

An Open Door was held October 4 & 5, with approximately 70 attending. The purpose of this gathering was heart-to-heart engagement in a space of elevated understanding, deep consideration of the opportunities and challenges humanity faces today, Attunement, sacred ritual, transparent sharing of the essential truths brought by Emissaries of Divine Light, and exploration of our opportunities for service, individually and collectively.

From David Karchere ~ Fantastic Powers of Consciousness (from the International Teleconference Service of the Creative Field on October 7, 2018)

We had an opportunity in the sessions of Servers Week to contemplate what is most precious to us. It was named by many, using the name "Love"—Universal Love. Universal Love is a quality of Being that is invested in all things and gives all things meaning and value, and without which nothing has any meaning. We have an opportunity to meditate upon that Love, to touch it in ourselves, to worship it, acknowledging its value to us. And then we have the supreme privilege of expressing and embodying that in our life, taking the care in what we say and do to channel it, to invest our words with that Love, so that they might be unwrapped by another. When they are, those words land in the heart and the person fills with a warming fire. All because someone gave conscious attention to investing what they were expressing with the love that they knew inside.

Trustee Report

Here are some highlights of our Trustee week:

**The newly elected Trustees are Keahi Ewa and Ruud West. We asked Howard Goodman to fulfill a vacated Trustee role for the coming year. Howard accepted. Here is the group of our seven Trustees:

*David Karchere
Sunrise Ranch*

*Hugh Duff
Edenvale, BC, Canada*

*Keahi Ewa
Sunrise Ranch*

*Jane Anetrini
Loveland, CO*

*Howard Goodman
Cape Town,
South Africa*

*Marilyn Manderson
Kamloops, BC*

*Ruud West
Sunrise Ranch*

** We asked Uma Faith and Anne-Lise Bure to meet with the Trustees regularly to form an Expanded Leadership Circle. They both accepted.

** We formed seven Working Groups composed of the Expanded Leadership Circle and other key people in seven topic areas. The Working Groups are designed to create a field of intention, vision and intelligence that is available to the people working in the seven topic areas. The Expanded Leadership Circle won't be giving operational direction, which will be carried out by the existing organizational structure.

We expect to meet with each Working Group in person and/or online about four times in the coming year. The constitution of the Working Groups is fluid and we anticipate inviting others to join them as they develop.

** We used Nancy Kline's insights into *Ten Components of a Thinking Environment* as a way to build our effectiveness as a group.

** We shared several readings of *The Pulse of Spirit*.

** We shared several messages from Uranda.

** We engaged in high-level dialogue on the future of Emissaries of Divine Light.

I believe we are well prepared for a highly creative year.

This is the 10th anniversary of the Interior Wellness Festival here in Kamloops. Those who offered Attunements were Hugh and Barb Duff, Phyllis Kotyk, Julie Bohnet, Josie Fiorica, our guest server Keahi Ewa from Sunrise Ranch, as well as Marilyn Manderson. Carl Richmond was very much “with us” from his care home here in Kamloops.

We found a higher and finer level of conscious awareness present in the whole event this year. We met dear old friends and welcomed new ones from many locations in British Columbia. We shared close to 100 Attunements and received generous donations.

It has been a busy autumn season at Sunrise Ranch, and it looks like our Events department will continue to host many workshops during the winter months. We are thankful for all who have come to visit and contribute in myriad ways throughout the year.

Pictured below are the Full Self Emergence (FSE) graduates with David Karchere and Jane Anetrini. FSE includes discussion and study groups, individual coaching, and participation in job roles. Participants also learn about attunement, an energy medicine practice that allows access to internal self-healing using the endocrine system. They participate in seminars and trainings held on-site. The 27-week program is designed to share the enlightened knowledge of the transformational process that frees people to be fully themselves.
