Primal Spirituality 1a: Blessing

May 10-11

Initiation into an experience of Blessing is a healing of the profound disconnection that so many people feel—disconnection from others, from the world around them, and from themselves. Blessing dispels internal discord, disillusionment and low self-esteem. It leads to peace, confidence and joy. Blessing is an experience that you cannot think yourself through, though once you know the formula, you can consciously allow it to transpire. Once you receive the gifts of Blessing, they become available for you to share. You gain the ability to initiate others into the flow of Blessing for themselves.

This course consists of clear presentations and powerful experiential exercises that lead the participant into a knowing of their Primal Spirituality. Primal Spirituality Courses are led by an experienced team of teacher-facilitators, and assist participants on the journey of becoming on the outside what they already are on the inside—a Being of great wisdom and love.

Hidden Origins & UBUNTU Retreat

May 25-26

Join Michael Tellinger in Loveland, CO for a 2 day consciousness intensive retreat on YOUR TRUE ANCIENT ORIGINS & Creating a practical change on Earth. We will connect the dots from the ancient past to make sense of the insane world we live in today. We will delve into the ancient past and utilize archaeological finds to paint a picture of the true history of the world. We will explore hidden truths that are now emerging, such as an advanced civilization in Southern Africa from over 200,000 years ago that had a deep understanding of the laws of nature and used SOUND and RESONANCE as a source of energy.

The first day will be on Hidden Origins & the second day will be on UBUNTU and creating a consciousness shift in the world.

This two-day retreat is presented in THREE sections:

1. Vanished civilizations of Southern Africa — Gold Mining Empire of the Anunnaki — Fossils of Giants and Extinct creatures.
2. Advanced technology of the past — Sound • Resonance • Magnetism • The Particle Physics Agenda • True nature of our reality.
3. UBUNTU Contributionism — Creating a world free of MONEY and enslavement — Success of the ONE SMALL-TOWN strategy.

Whole World Meditation May 15

Whole World Meditation is bringing the Holistic Center's community together, locally and globally, to bring ourselves into resonance with the heartbeat of Gaia in a global meditation on Wednesday, May 15, at 10:15 a.m. Mountain time.

During the annual Holistic Centers Gathering, participants will meditate together at Hollyhock, Cortes Island, BC, Canada. The meditation will be live-streamed through the

Holistic Centers Network using Facebook Live. Joining the meditation is a way to participate more fully in the evolving life of the planet

Sunrise Ranch will be joining Findhorn Foundation and other intentional communities and gathering locations as one of the participating centers across the world. We will be holding a live meditation led by David Karchere here in Loveland, Colorado, as we add our energy to this global initiative.

David Karchere's book *Becoming a Sun* is an Amazon No. 1 bestseller!

This is a huge honor for any author, and it is especially heartwarming to us here at Sunrise Ranch because being a No. 1 bestseller means that more and more people out there are waking up to their purpose for being—to become a sun!

All people have patterns in their lives, but so many fail to see them. They also don't realize that they are the very ones creating those patterns—both good and bad. Our subtle decisions and choices direct our lives, and yet, so many people feel powerless when it comes to the direction their lives are going.

David's book helps people learn to become aware of and understand the patterns in their lives, and it teaches them how to redirect those patterns into positive, love-giving journeys of light. In his words:

I believe that the truth behind the words of this book is relevant to every aspect of human experience, from the most intimate areas of love and family, to the fields of business, organizational leadership and finance. Of course, you will have to see whether what I have written applies to you, and how. As you read, I invite you to consider how the essential ideas of this book are relevant to all facets of your life.

[Becoming a Sun](#) is available in paperback and Kindle.
